## **ELECTED TOWN OFFICERS**

	<b>Term Expires</b>
SELECTMEN – James D. Shallow	2010
– Merrill A. Dalton	2011
– Brendon K. McKeage	2012
TOWN CLERK – Marise C. Burns	2010
TOWN TREASURER – Catherine E. McComiskey	2012
MODERATOR – Ann Marie Marquis	2010
ROAD AGENT – Keith J. Robinson	2012
TRUSTEES OF TRUST FUNDS – Roberta J. Covill	2010
– Roy E. Amey	2011
– David G. Covill	2012
SUPERVISORS OF THE CHECKLIST – Leslie J. Mikucki (Appointed)	2010
– Helen L. Lord	2012
– Lucie A. Gray	2014
LIBRARY TRUSTEES – Ann M.G. Gray	2010
– Helen L. Lord	2011
– Kim J. Chase	2012
OVERSEER OF WELFARE – Brendon K. McKeage	2010

## **APPOINTED TOWN OFFICERS**

TAX COLLECTOR – Norma E. Covill  
DEPUTY TAX COLLECTOR – Gordon L. Covill  
  
POLICE CHIEF – Richard E. Lapoint  
POLICE OFFICERS -- Richard Dube, Corey Lord, Dwane Sweatt  
  
FIRE CHIEF – Dwayne O. Covell  
FIRE WARDS – Roy Amey, Gary Covell, Brendon McKeage (Interim)  
  
CEMETERY SEXTON – Brendon K. McKeage  
EMERGENCY MANAGEMENT DIRECTOR – Richard E. Lapoint  
HEALTH OFFICER – Roy E. Amey (Appointed by State)  
FOREST FIRE WARDEN – Roy E. Amey (Appointed by State)

## SELECTMEN'S REPORT

This report highlights the two most important issues which faced the Town during 2009 and how the Selectmen addressed these issues: the town water system and the town septage lagoons.

Stability within the Board of Selectmen was assured when Brendon McKeage won overwhelming re-election and was elected chairman by the other board members. After an extended legal battle with one of the town residents over the valuation of a piece of property, the Board agreed to a highly favorable settlement but the disagreement generated significant legal costs. The year also saw us lose three town employees and hire two. Although we had several unexpected expenses, we managed to come in slightly under our anticipated budget.

The town water supply has generated the most frustration and a significant cost overrun in the water budget line item. From the State forcing us to remedy an unsatisfactory situation with the town water supply, to us trying to increase the water pressure in the lower village, the water system has been a migraine headache all year. This situation started when a water test exceeded the tolerance for e.coli. As such, a boil order had to be issued. After several weeks, the State inspected the system and directed us to take a well out of production which forced us to drill another well to make up for the lost well. This well produced significantly less water than we had anticipated and was not enough to offset the water production we lost. The State allowed us to lift the boil order after we increased the chlorination and ordered us to do a 4-log daily testing. The State has also directed us to do something regarding the current situation. This has led us to apply for two feasibility study grants which we expect will lead us to more grants to replace the entire town water system. We are in that grant process now.

Residents in the lower village have long complained about low water pressure. Some of the issues were outside the Board's control; for instance, in the winter, many people leave their water running to prevent it from freezing. After consulting with plumbers and engineers, we decided to install a holding tank and booster pump in the old fire station. This itself was expensive and the system had several "quirks" which we believe we have solved at this point. Also, as usual, we had several water leaks to repair.

The highway department was faced with several minor issues. One employee retired as an equipment operator and laborer. Board members reviewed many resumes and interviewed several highly qualified candidates. Ultimately, the Board selected a replacement employee because of his extensive equipment operation and repair qualifications. The highway department was also very fortunate to receive a new backhoe in July. This means the only other "old" piece of equipment is the 2001 dump truck which we hope to replace in two years. After much discussion and public input, the Board decided to pave about one mile of Day Road and short sections of Indian Stream Rd, Sugar Camp Acres Rd, and Murphy Dam Rd.

The year also saw improvements at the transfer station. In July, after much discussion, the Board decided it was time to move the metal pile off the ground and into a debris container. A concrete retaining wall and floor were poured to accommodate the new container. This not only improved the appearance of the transfer station, but it was also done as a cost savings measure and to limit

possible liability. In August, Robert Woodbury was hired as a part-time transfer station operator and he attended the certification course on solid waste management in Concord. He and Selectman McKeage both hold a Level 3 Operator's License which is State required for operation.

Our septic system also continues to cause challenges. In 2008, the State forced us to close our septage lagoons on Indian Stream Road for a couple months because of unsatisfactory water tests in monitoring well #7. In September, we received bids from local contractors to reconfigure the septage lagoons to comply with our needs along with State requirements. In October, the lagoons were closed for about two weeks to get the project completed. The renovated site consists of two receiving pits (40x35x5) and two leaching pits (40x35x5) with an additional percolation pit (45x25x5) for overflow. This coming summer, some final touch-up work will be done to the overall site to include composting several hundred gallons of stockpiled sludge material that was excavated from the old lagoons. A new 5HP pump was purchased to replace the one at the Bacon Road pump station at a cost of \$4,284. We have also advertised for a backup person in our sewer department but so far have had no serious takers.

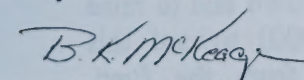

This past summer, the replacement plan for the Indian Stream Cemetery fence got underway. The completion date will be this summer. With many helping hands, the old page wire fence, posts, and gates were removed and the ground was excavated to bring it back in line with the grade of the road. Several 6x6x10 pressure-treated posts with protective sleeves were installed in the ground and 4-inch steel piping was used for the railing. This summer, a third coat of paint will be applied to the posts and rail before installing the new fence and the original gates.

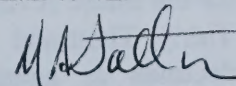

After some initial misunderstandings between our Board and the Clarksville Board, we came to an agreement over fire and rescue coverage for Clarksville. Over the last three years, we have been trying to control costs by ensuring Clarksville at least pays for the cost of the services provided by Pittsburg. Our "good neighbor policy" dictates that we not try to make a profit off Clarksville residents for our services, but we feel Pittsburg taxpayers should not subsidize Clarksville operations.

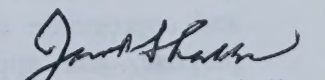

We investigated the possibility of creating a planning board with the limited authority to deal ONLY with floodplain issues. A committee of several people met with a representative from North Country Council to discuss this issue. It was determined that to do this, the town needed to have a master plan. Since we do not have an approved master plan, and knowing the community's opinions of planning, we decided to table this issue.

We are also investigating what to do with our town assessing contract which ran out in December. Right now, our plan is to go with a one-year contract and request a warrant article to build up the money to do the 100% revaluation in 2013.

In 2010, we will aggressively attack the water and septic issues and continue to deal with the daily issues relative to operating this small town.

  
Brendon K. McKeage

  
Merrill A. Dalton

  
James "Dan" Shallow

**TOWN WARRANT  
PITTSBURG, NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 6:00 P.M.**

To the Inhabitants of the Town of Pittsburg, in the County of Coos, in the State of New Hampshire qualified to vote in Town Affairs:

You are hereby notified to meet at the Bremer Pond Auditorium in said Town of Pittsburg on Tuesday, the 9<sup>th</sup> day of March 2010, at 10:00 of the clock in the forenoon, to act upon the following subjects:

1. To bring in your ballots for the election of one Selectman for three years; one Town Clerk for three years; one Moderator for two years; one Trustee of Trust Funds for three years; one Supervisor of the Checklist for six years; one Library Trustee for three years; one Overseer of Welfare for one year.
2. To see if the Town will vote to raise and appropriate a sum of Two Million Dollars (\$2,000,000) for the purpose of rehabilitating the town water system, and to authorize the issuance of not more than \$1,000,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and authorize the receipt and expenditure of State/Federal grants that may become available for said purpose. The above described appropriation shall be contingent upon receiving at least \$1,000,000 from State and/or Federal grants, which may become available, and which the Town is eligible for, covering up to 75 percent of the project cost, but which, at this time, the total amount of grants available is not yet determined. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the project is completed or by December 31, 2015, whichever is sooner. The Selectmen recommend this appropriation.  
*(2/3 ballot vote required and polls must be open for one hour)*
3. To see if the Town will vote to raise and appropriate the sum of Thirty-Seven Thousand Dollars (\$37,000) to complete a feasibility study to identify improvement options for the town water system. The sum of Twelve Thousand Dollars (\$12,000) is to come from a Community Development Block Grant, and the sum of Twenty-Five Thousand Dollars (\$25,000) is to come from USDA/Rural Development Grant. No amount will come from general taxation. (Recommended by the Selectmen)
4. To see if the Town will authorize the establishment of a Capital Reserve Fund (pursuant to RSA Chapter 35) for the future revaluation of the Town and to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000) toward this purpose, and appoint the Selectmen as agents to expend from the fund. (Recommended by the Selectmen)

5. To see if the Town will accept the provisions of RSA 41:11-a providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to rent or lease municipal property for a term of up to 5 years without further vote or ratification of the town. Once adopted, this authority shall remain in effect until specifically rescinded by the legislative body at any duly warned meeting provided that the term of any lease entered into prior to the rescission shall remain in effect. (Recommended by the Selectmen)
6. To see if the Town will vote to authorize the Board of Selectmen to lease, in accordance with RSA 41:11-a, and on such conditions and terms that they deem appropriate, a certain portion of town-owned property on Back Lake Road, being the old dump site, and more properly described as a portion of Tax Map B4 Lot 100-1, for the limited purpose of construction of a telecommunications tower, which will also provide antenna space for Emergency Services and further provide enhanced and more reliable communication to the aforementioned services, or take any other action relative thereto. (Recommended by the Selectmen)

*(The Town of Pittsburg has been approached by a Tower Development Company to discuss negotiations for a lease on town-owned land on Back Lake Road. Should those negotiations with this or another company be fruitful, the Board of Selectmen needs the authority contained in this article to execute a lease. Any proposal for a lease would include locating the required public safety antennas on the proposed cellular tower.)*

7. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of replacing the trash compactor at the Transfer Station and to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund, and appoint the Selectmen as agents to expend from this fund. (Recommended by the Selectmen)
8. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be added to the Police Cruiser Capital Reserve Fund previously established. (Recommended by the Selectmen)
9. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to be added to the Highway Heavy Equipment Capital Reserve Fund previously established. (Recommended by the Selectmen)
10. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to be added to the Fire Truck Capital Reserve Fund previously established. (Recommended by the Selectmen)

11. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Fire/Rescue equipment and to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be placed in this fund. (Recommended by the Selectmen)
12. To see if the Town will vote to raise and appropriate the sum of One Million One Hundred Four Thousand Two Hundred Eighty-Nine Dollars (\$1,104,289) which represents the operating budget. Said sum DOES NOT include special warrant articles addressed. (Recommended by the Selectmen)
13. (By Petition) "To see if the Town will vote to approve the following resolution to be forwarded to our State Representative(s), our State Senator, the Speaker of the House, and the Senate President.

Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines 'marriage'."

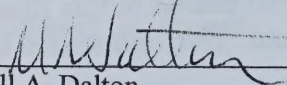

14. To transact any other business that may legally come before this meeting.

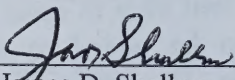

Polls will not close before 6:00 P.M.

Any person with a physical disability who needs assistance to attend the Town Meeting and/or needs assistance while at the Town Meeting is to call the Town Office at 538-6697.

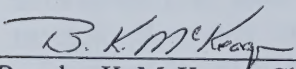

Given under our hands at said Pittsburg, this 8<sup>th</sup> day of February, in the year of our Lord two thousand ten.

## **POLICE DEPARTMENT REPORT**

I am pleased to report to you that in 2009 we were able to end the year with a surplus in the police budget. We have been asked to live with the same budget for the upcoming year. This will make the third year in a row with the same operating budget. Once again, we will strive to provide you with the most coverage we can for the amount allocated to us. With the loss of two officers in 2009, the others have had to step up and fill in the extra time slots. To them I give my sincere thanks.

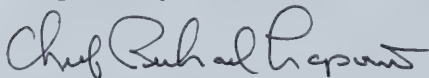

We will continue to seek grants that will enable us to provide more coverage and new equipment in order to enable us to do the best job possible. All the officers not only attended the mandatory state minimum of training hours, but exceeded them. Thanks to our Federal Drug Forfeiture Asset Fund, we were able to purchase new firearms to replace the old ones which were nearly 13 years old. This did not cost the town anything. We plan to use the funds to purchase our equipment and, if used wisely, should be there for many years to come.

In 2009 we investigated 97 motor vehicle accidents, 19 animal complaints, 139 criminal cases were investigated, 100 summonses, were issued for motor vehicle offenses along with numerous warnings, we issued 17 summonses for OHRV violations and did numerous lockouts along with several hundred property checks.

Every year we respond to many alarms throughout the town. I would like to urge any of you that has an alarm or is thinking of purchasing one to please consider adding a "KNOX BOX" to the system. For more information, please call me or Fire Chief Covell for more information. A Knox Box is a security box that is opened by a non- duplicating key that is registered to the Town of Pittsburg. Inside, one would put their house key. The only ones that could access the box are the holders of the registered key, i.e Fire, Police and EMS. This would eliminate unnecessary property damage that sometimes becomes necessary in order to enter the building to see why the alarm has been activated.

In closing, I would like to thank the area Fire, EMS, Federal, Local and State agencies that have come to our assistance in 2009. Thank you to the townspeople and the Selectmen for their support. Lastly, I want to thank my officers and their families for being there when needed.

Respectfully Submitted.

Chief Richard Lapoint

Cpl. Corey Lord, Officer Dwane Sweatt and Officer Rick Dube

# Pittsburg Fire Department Report

In the year 2009 our Department responded to 157 calls, consisting of structural fires, haz mat spills, Car, skidder fires, snowmobile rescue and first response calls. I also would like to thank the members of the Pittsburg Ambulance Corps, members who joined the Fire Department. Working with the 45th Parallel, has our first response stronger by not having to transport the patient, this has made the response faster, smoother and taken some of the burden off business or individuals that give or take time off from their work to go to help others. With the question that has come to me how do we pay for the additional personal? All members can receive \$100.00 if they attend minimum of three meeting per year, \$100.00 for attending three trainings and \$100.00 for making a percentage of calls, before receiving any compensation their time. The maximum is \$300.00 per year if you meet the criteria all three of these.

I would thank the truck committee which consisted of a good share of the Fire Department, without these devoted people and the town support we would not have been able to Purchase a new 2009 Fire truck built by have Dingee Machine to replace 1974 Engine 1 and the Donated 1975 New Market Engine, which were both taken out of service due to major repairs. Between the truck builder and the committee's dedication, to build a truck to accommodate the town's needs at this time and the future needs.

Something thing for us to be working on are, replacing personal protective gear. Which the town purchased 18 sets in 1994 and replaced six sets in 2002 in part of a grant. So we need to replace the remaining set soon, for the life expectancy of these are ten years if they have no major damage.

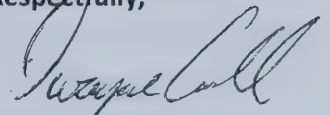

To the police department, highway department, and town office personnel, thank you for your support. To all in the community thank you for your support for which **your department** can be only as good as the support given.

Former Chief Sanford Young stated in 2001, As time changes, so do our missions. Our mission is to serve our community when called upon. This is very broad, but if you called and no one came. Without all members, no one could accomplish it on their own! So I would like to thank all members and their families for the dedication shown in the year 2009.

**"Check your Smoke Detectors"**

**On behalf of the Pittsburg Fire Department, we thank you.**

Respectfully,

**Chief Dwayne Covell**

**45th Parallel Emergency Medical Services  
46 Ramsey Road  
Colebrook, NH  
03576**

**ANNUAL REPORT TO THE TOWNS**

January 14, 2010

The 45<sup>th</sup> Parallel EMS is a NOT FOR PROFIT private corporation, recognized by the Internal Revue as a 501c (3), providing 911 response and interfacility transfers to the ten New Hampshire and Vermont towns in its catchment area. The agency is governed by a Board of Directors consisting of representatives appointed by the selectpersons from the following New Hampshire and Vermont towns: Bloomfield, Canaan, Clarksville, Colebrook, Columbia, Dixville, Lemington, Norton, Stewartstown, and Pittsburg; the Upper Connecticut Valley Hospital, the Colebrook, Beecher Falls, and Pittsburg fire departments, the UCVH Emergency Department Medical Director, and two at large members elected by the board. The current board members are: President - Greg Placy (Colebrook); Vice President – Harry Brown (Stewartstown); Secretary - Clayton Hinds (At Large); Treasurer – Michael Dionne (Clarksville); Bloomfield – Lynda Paquette; Canaan – Greg Noyes; Columbia – Brett Brooks; Dixville – Burnham “Bing” Judd; Lemington – Vacant; Norton – John Woods; and Pittsburg – Brian Dorman; the Upper Connecticut Valley Hospital – Louise McCleery, Colebrook Fire – Robert Lawton; Beecher Falls Fire – Steve Young; Pittsburg Fire – Sandy Young; and the UCVH Emergency Department Medical Director – Ferial Ladak MD. Upper Connecticut Valley Hospital remains the medical resource hospital for the 45<sup>th</sup> which means it provides medical direction for it. The 45<sup>th</sup> Parallel EMS has been in operation for fifteen (15) months with a startup date of October 1, 2008. The 45<sup>th</sup> maintains a fleet of three ambulances and operates 24 hours a day/7 days a week with a full time crew of 6 EMT-Intermediates, 26 per diem employees and a Chief. Advanced Life Support providers respond on each 911 call. Advanced and Basic Life Support providers transport patients to other hospitals for specialty care, often with an Advanced Healthcare Provider on board, depending on the needs of the patient. The 45<sup>th</sup> Parallel headquarters will move from the Upper Connecticut Valley Hospital to their new facility located at 46 Ramsey Road, just off Route 3 near the Colebrook/Stewartstown town line on about February 1<sup>st</sup>, 2010. The facility has four bays for the ambulances, offices, a training room, a living area, kitchen area, bedrooms, and bathrooms.

The 45<sup>th</sup> Parallel EMS serves an area of approximately 900 square miles. During 2009, we responded to 893 911 calls and transfer requests as outlined below by town and/or hospital:

- Bloomfield – 15
- Canaan – 67
- Clarksville - 14
- Colebrook – 232
- Columbia – 28
- Dixville – 15
- Lemington – 5
- Norton – 8
- Pittsburg – 134
- Stewartstown – 107

The 45<sup>th</sup> Parallel EMS continues to work closely with the Beecher Falls Volunteer Fire Department and the Pittsburg Fire and Rescue who provide FAST Responder service within their catchment areas. As a part of our original commitment, with the help of a USDA grant, the 45<sup>th</sup> has distributed 17 Fast Responder Packs and Automated External Defibrillators (AED) to first responders in the service area. The packs contain basic and advanced life support equipment to stabilize and treat patients while awaiting the arrival of the ambulance. The packs are distributed in the following communities: Bloomfield - 2, Canaan - 3, Clarksville - 1, Colebrook - 5, Stewartstown - 2, Pittsburg - 3 and 45<sup>th</sup> Parallel EMS base - 1. The 45<sup>th</sup> Parallel continues its commitment to all area EMS providers by providing the required continuing education so that they can maintain their EMT certifications. In 2009, the agency sponsored an EMT-Basic course with nine (9) students successfully becoming National Registry EMT- Basics and a First Responder course with another nine (9) students successfully becoming Nationally Registered First Responders. All of the new EMT-Basics have become per diem employees of the 45<sup>th</sup> and the new First Responders have joined the 45<sup>th</sup> and other EMS agencies in the area. There were also two First Responder and two EMT-Basic refresher courses offered to provide the mandatory continuing education for area providers. Eight candidates successful completed the Red Cross First Aid/CPR/AED Instructors course and are now teaching First Aid/CPR/AED classes in the community. The 45<sup>th</sup> continues its commitment to maintain the 36 Public Access Defibrillators and provide training in their use. The process to become a Red Cross Training Center continues and the one of the first goals of increasing the number of CPR instructors has been met.

The 45<sup>th</sup> was invited to be a presenter at the Coos County Symposium as one of the Big Ideas in Coos County that made a difference in the North Country. We were also the recipient of a \$100,000 grant from the Neil and Louise Tillotson Fund in support of the new facility. The agency was also chosen from amongst the Neil and Louise Tillotson Fund grantees to participate in The 2009 Tillotson Learning Community. The 2008 USDA grant was used to equip the Fast Responder Packs, AED's, and purchase 25 Minitor V pagers. In 2009, the USDA awarded the 45<sup>th</sup> a \$100,000 grant, along with guaranteeing the financing of the new facility. The 45<sup>th</sup> was also granted 2 CPAPs (a device used to

treat patients in respiratory distress) from New Hampshire EMS. The 45<sup>th</sup> has now received \$ 274,590 in grants since its inception.

The leadership of the 45<sup>th</sup> Parallel is dedicated to fiscal responsibility and to operating the service efficiently to minimize the burden to the taxpayers in the participating towns. Grant application opportunities are taken advantage of. The awarding of the two grants will reduce the overall cost of the mortgage by over \$ 200,000 in interest expenses alone. The agency has put a billing system in place and now has an approximate 20 day turn around for Medicare payments. During 2009, the 45<sup>th</sup> billed \$ 1,539,999.98, but we anticipate that we will only receive \$ 608,675.92, as the healthcare reimbursement system does not reimburse a majority of the costs incurred. Upcoming changes to Medicare reimbursement rates are of concern as they will further decrease the percentage of the costs that are paid by Medicare.

The 45<sup>th</sup> Parallel EMS is the first regional, not for profit ambulance service in the state of New Hampshire. The agency has exceeded its expectations during 2009, and the dedication of the leadership and staff of the 45<sup>th</sup> Parallel EMS has allowed the agency to provide the highest quality Advanced Life Support services to the citizens and visitors to the Great North Woods. The 45<sup>th</sup> will face many challenges in 2010 with the economic realities of the region and the country impacting our operations. The Board of Directors, Chief, and the employees of the 45<sup>th</sup> Parallel wish to thank the communities for allowing us to serve them in 2009 and look forward to serving them in 2010 from our new facility.

Harry C. Brown, Chief

Michelle A. Hyde, Deputy Chief
